- ✓ In order to qualify for additional funding, the trading account must have grown by a **minimum of 10%** in the prior month and must be profitable since qualification for the Axion Trader™ program (percentage and absolute return >0).

The initial [10x] Multiplier from the Advanced phase carries over to the Pro phase, with an additional [10x] Multiplier funded the following month if the requirement is met, up to a maximum of [50x] Multiplier for each pro. For example, a Pro Trader with an initial trading account balance of 5,000 USD when promoted to a Pro Trader can receive funding up to 250,000 USD based on a [50x] Multiplier.

Additional deposits or rolling of profits are allowed as a Pro Trader (up to 10,000 USD), to maintain or increase the funded amount. In the same fashion, withdrawals will reduce the funded amount as it is calculated based on the multiplier.

The maximum funding for a Pro Trader is 500,000 USD (10,000 USD in the trading account with a [50x] Multiplier).

Furthermore, Pro Traders will qualify for investment from investors on the Axion Trade Copy Trading platform (coming soon), which further boosts their allocated capital. Pro Traders will be able to control the performance fee from these copy trading investors (as compared to the flat 20% profit sharing from Axion Trader™ Program).

## Rehabilitation (applied to all 3 Phases)

### Criteria for being moved to Rehabilitation

- ✓ 10% Drawdown in the trading account at any given time

#### Terms and Conditions of Rehabilitation

First Rehabilitation: you will be invited back into the previous Phase (e.g., Pro to Advanced) one month after being placed into Rehabilitation).

Second Rehabilitation: you will be invited back to the previous Phase two months after being placed into Rehabilitation.

Third Rehabilitation: your funding will be forfeited, and you will be invited back to the Novice phase 3 months after being placed in Rehabilitation if your trading account meets the Axion Trader™ program (Axion Scoring System of 80 points or higher).

### Rules for exiting Rehabilitation

- ✓ The Rehabilitation period ended
- ✓ You have an active trading account with Axion Trade which meets the Axion Trader™ requirements and is not already a trading account under the Axion Trader™ program. It can be the active trading account in rehabilitation or another active real account.
